

Cultural Sustainability Management System Policy

SUSTAINABILITY POLICY

At The Komana, we are committed to celebrating and supporting cultural diversity

by adopting a cultural sustainability policy based on the following principles:

1. CELEBRATION OF CULTURAL DIVERSITY

The Komana celebrates the diverse cultural backgrounds of our employees and guests, and we actively encourage understanding and respect for different cultures.

2. SUPPORT FOR LOCAL CULTURE

We support the cultural richness of our region by promoting local arts, crafts, and cultural events.

We respect the local culture and aim to contribute to its sustainability.

3. LOCAL FLAVORS

To preserve and promote local cuisine and traditional flavors, we prioritize the use of local products. We support local producers and offer our guests traditional dishes.

4. CULTURAL INTERACTION PROGRAMS

We organize events, seminars, and training programs to increase cultural interaction among our staff. These initiatives foster understanding and collaboration between different cultures.

5. CULTURAL HERITAGE PROTECTION

We are committed to preserving areas of historical and cultural importance. We strive to understand, protect, and introduce our guests to the cultural heritage of our hotel's region.

6. DIVERSE ENTERTAINMENT PROGRAMS

To offer our guests a rich cultural experience, we organize various entertainment programs.

Through music, dance, and other artistic events, we provide opportunities to explore different cultures.

This policy reflects The Komana's commitment to cultural sustainability and aims to

engage our staff, guests, and local communities in celebrating and contributing to cultural richness. In line with the principle of continuous improvement, we regularly assess and enhance our cultural sustainability performance.
